

Nail Tip Hair Extensions

Our lovely nail tip hair extensions, or u tip hair extensions, are pre bonded 100% human hair extensions that come fitted with high quality keratin hair extension glue tips. You will find that this is the safest hair bonding glue and is easily removable without damaging your natural hair. To remove, you simply use keratin acetone remover. The Keratin Bond is rolled onto your natural hair using a professional hair extension heat connector. This is by far one of the most popular techniques, due to the fast application time.

We supply a full range of natural colour (including vibrant colours ideal for highlights and ombre) in a variety of lengths and thickness. Gorgeous and absolutely one of the easiest ways to change your look in no time!
